

DAM SAFETY FOR OWNERS

**The Need-to-Know Basics
of Maintaining a Dam**

Offering up to 4 hours
of Continuing Education
Credits for Professional
Engineers (PEs)
and Professional
Geoscientists (PGs)

June 14, 2012

Holiday Hills Country Club
Mineral Wells, Texas

July 12, 2012

J.J. Pickle Research Campus
Commons Bldg.
Austin, Texas

July 26, 2012

Fredonia Hotel
Nacogdoches, Texas

The TCEQ invites you to participate in a half-day Dam Safety Workshop for owners.

Beginning at 9 a.m. and ending promptly at 1:30 p.m., staff from our Dam Safety section will present practical and straightforward information on issues that affect anyone who owns or operates a dam. Lunch and refreshment breaks—included in the registration fee—give you the opportunity to meet and network with your state dam-safety officials and other dam owners like yourself. As part of the registration fee, you will receive a copy of the TCEQ's *Dam Owner and Operator Safety Workshop Participant Manual*, which offers valuable information at your fingertips.

You Will Learn

- The state laws and regulations that ensure the safety of dams,
- To develop Emergency Action Plans, and
- Which top maintenance issues we see and our recommendations for correction.
